DSH Hacks V2

Transforming Healthcare Access through AI

dshhacks.org

A **free, global, online hackathon** for students 13+, hosted by [DeltaForge Hacks](#), [NXT Horizon](#), and [STEMise](#). Identify a real healthcare problem and build an AI-powered app, website, or system that tackles it - any skill level welcome.

\$30k+

Distributed
in prizes

70+

Participating
Countries

Theme: AI x Healthcare

From diagnostic tools to patient-care platforms - build a solution to a pressing health challenge.

Beginner Friendly & Open Ended

Work solo or in a team. Use AI to lower the barrier for ambitious ideas. Low/no-code welcome.

Deadline: Nov 7, 2026

Submit a prototype, demo video, one-page description, and your code on Devpost.
